information : promoting legality and
sustainable forest management**

THE LEADING AUTHORITY ON TROPICAL TIMBER

**promoting tropical wood, certification,
technical and scientific information**

TIMBERTRADE
PORTAL

**timber trade portal : legal trade,
regulation country profiles**

Lesser Known Timber Species (LKTS) Collage project

Using LKTS with gluing techniques to reduce the pressure of exploitation on the most commonly sought-after species.

- Species with limited availability,
- Small-diameter logs.
- Wood with abundant defects.
- Poorly shaped logs.
